

Northeast Regional Telehealth Conference

Optimizing Value. Enhancing Engagement. Revolutionizing Access.

June 5+6, 2018
Portland, Maine

The Northeast Telehealth Resource Center is thrilled to invite you to **our fourth annual Northeast Regional Telehealth Conference this June in Portland, Maine.** **Over 150 stakeholders** from across the northeast and beyond will gather to learn about telehealth best practice and innovation, network with colleagues, and identify opportunities to advance their telehealth programs. Join us to discuss legal and regulatory issues, business planning, provider and consumer engagement, and more!

Who should attend?

Clinicians, C-Suite and Administrators, Telehealth Managers and Coordinators, Payers, Government Agencies, Policy Makers, Students, and anyone interested in promoting, supporting, and/or leveraging telehealth!

Key Highlights:

FOUR nationally recognized plenary speakers.

SEVENTEEN breakout sessions highlighting best practices from regional programs and more.

Over **FOUR** hours of dedicated networking with regional colleagues.

ONE exhibit hall featuring telehealth hardware, software, consulting services, and more.

Learning Objectives:

1

Identify new opportunities to leverage telehealth applications to improve access to quality health care services.

2

Analyze current barriers to widespread telehealth adoption while constructing strategies for change.

3

Evaluate telehealth best practices and assess how they may be applied in your organization.

4

Discuss collaborative approaches to health care delivery via telehealth with regional colleagues.
